I would like to request a penalty waiver based on a couple factors. This was my first audit, and until now I believed that I was complying with the requirements. In addition, I believe that I complied with the intent of the law, which is to protect the public from over worked and tired drivers that lack the ability to safely control a vehicle. I never work more than a few hours a day and only drive 20 miles a day at the most. This is a very small company that offers a service within the city of Mount Vernon, and poses no risk to the public in regards to overworked staff.

I do understand the need to comply with UTC guidelines and will definitely take this information onboard and correct any deficiencies moving forward. I just ask that, under these circumstances, you offer additional leniencies and waive the \$100 fee.

Thank you for your time,

Kirk Knudsen
