RE: Docket UE-250734 (Advice No. 2025-42) – Do Not Redocket
Puget Sound Energy's Electric Tariff Revision

Dear Executive Director Killip:

Puget Sound Energy ("PSE") hereby submits in connection with Docket UE-250734 the following revised electric tariff sheet as substitutions for the tariff sheet that accompanied its September 30, 2025 filing, under Advice No. 2025-42.

Original	Sheet No. 272-B	Electricity Energy Efficiency Program Residential Electric Demand Response Services (Continued)

The purpose of this substitute filing is to update the definition of Notification of Event in accordance with current Federal Communications Commission ("FCC") guidelines for Short Message Service ("SMS") text notifications. According to current FCC guidelines, when a customer voluntarily provides their phone number to a utility, it constitutes "prior express consent" to receive automated texts and calls related to their demand response services.[1]

The tariff sheets described herein reflect the original issue date of September 30, 2025 and the original effective date of November 1, 2025. Posting of proposed tariff changes, as required by law and the Commission's rules and regulations, is being completed through web, telephone and mail access in accordance with WAC 480-100-193.

Please contact Veronica Martin at veronica.martin@pse.com or Eric Englert at eric.englert@pse.com for additional information about this filing. If you have other questions, please contact me at birud.jhaveri@pse.com.
