**Re: Docket UT-080864; MAY 2009 COMBINED CLASS A REPORTS OF INTEGRA
TELECOM OF WASHINGTON, INC. & ITS WASHINGTON AFFILIATES**

Dear Mr. Danner:

Enclosed for filing in Docket No. UT-080864 is the May 2009 Class A Report of Integra Telecom of Washington, Inc. and its Washington affiliates (Integra) in accordance with the Commission's Order 01 in this docket, due June 30, 2009.

During the second week of June, Integra brought all the legacy Eschelon record-keeping and billing systems onto to its own information technology platform. This May report was generated from this one system and we noted a drop of about 6% in the ALE count. We believe this difference is primarily due to the differences in the separate systems' accounting for DSL services. In addition, we also saw an increase in the number of ALEs that we are unable to associate with a rate center. However, we believe that over the next several months, the accuracy of the Company's Class A Report will improve.

Enclosed is the original report; electronic copies have been submitted via email to the Commission's Records Center. Please contact the undersigned with any questions or concerns.

Sincerely,

/s/ Cathy Murray
