**Importance:** High

Gentlemen,

We have reviewed the notes that you (WUTC) took at the July 14th meeting in Port Ludlow. There appears to be some confusion as to what was said or meant. I apologize for not providing you with a hard copy of my notes at the time. I have attached the notes of my remarks with some points of clarification. I hope that these will help with your deliberations as to the validity of the Olympic Water and Sewer Inc. surcharge request.

If I can be of any further assistance or you have questions about the notes please call or e-mail me.

Respectfully,

G. David Armitage
