Subject: RE: Motion

Mr. Henrickson, I will not engage with you about these matters over email. As I stated in my previous emails, we can speak about your case on 11/17, on the record, when you can give testimony under oath.

Motions to compel are only available to parties when the Commission's discovery rules have been made available, and they have not been made available to the parties in this case. Accordingly, your requests are being handled as requests for public records. The records center, not me, will respond to those requests.

I will speak to you on 11/17.

Please inform me on how I've been difficult? And also difficult to serve. This seems to be already biased. And Yes I will be suing over this. There has been over fifty phone calls to me. The last phone call was that I was told it was over and that I won. Therefore I rid of all documents. What about the motion to compel? I spoke with the attorney and he stated that there was a paper trail on phone calls. I want everything since obviously this will be going to Superior court.

Mr. Henrickson, your motion to dismiss based on improper venue is denied. This is not civil court, it's an administrative hearing. The Commission has jurisdiction over the provision of solid waste collection services in all of Washington state. Accordingly, you are required to appear before the Commission, and no other judicial body at this time.

If you wish to seek damages against the Commission, you will need to do that separately from this proceeding. I cannot provide you with any further legal advice on that matter.

I will not entertain your accusations regarding commission staff prank calling you.

If you fail to appear at the virtual hearing on 11/17, you will be held in default. We can discuss at that time whether there is truly a need to reschedule, but because you have been uncooperative and difficult to serve, I will not grant your motion to continue the hearing. I will talk to you next week, 11/17, at 10 a.m.

To dismiss for lack of jurisdiction. I am nowhere near Olympia. This is filed in wrong court

and or

added counter for \$200,000 in damages for stress, harassment, lies, fraud and deceit.

Continuance

All of the information requested will not have a chance to have been read and researched. I am seeking a continuance for some time in January.

Compel

All the information that was gathered and not just what was filed. There were approximately fifty phone

calls. Some were extremely harassment such as "is your fridge running. Why don't you catch it".

I believe this department has not only abused me, but others and it is my desire to make this a multi class action suit.

Please let me know about the motion.

Good afternoon, Mr. Henrickson,

As a courtesy, I am forwarding your request to the Commission's records center. The records center will treat your email below as a request for public records and respond to you accordingly. To clarify, the last order entered in this case vacated the default order against you, but also reopened the proceeding for further process. I've attached that order to this email for your reference. Also, to clarify, your case is assigned Docket TG-190793.

As it stands, Staff is pursuing its original complaint to classify you as a solid waste collection company and you are required to prove that you are not, or are no longer, providing such service to avoid penalties. Accordingly, your appearance is required at the brief adjudicative proceeding before the Commission that is set for Tuesday, November 17, 2020, at 10 a.m. I am the judge presiding over that proceeding, so I will speak with you about this matter at that time.

The information below allows you to attend the hearing either using a computer (by clicking on the link that says "Join Microsoft Teams Meeting") or by calling the phone number provided and entering the conference ID.

This is Paul Henrickson and I am requesting a copy of all documents, court hearings, recordings and anything else pertinent to this case. Docket TG-190793. I was called by the transportation commission many times and the last call informed me that this was over and I had won. The harassment continues and I seek court in my area where there can be a fair trial.

Also I have no access number.

Paul Henrickson
