Captain Michael Moore
ON BEHALF OF
PACIFIC MERCHANT SHIPPING ASSOCIATION**

PSP Responses to PMSA DR 177

FEBRUARY 10, 2023

PMSA DATA REQUEST NO. 177: In addition to the schedule of actual cash and other payments disbursed to individual pilots and pilot retirees in 2021 for each pilot in response to PMSA DR 176, please provide copies of Schedule K of the PSP Partnership tax return and all associated Schedule K-1s submitted to the Internal Revenue Service by PSP with its Partnership tax return which confirm the actual payments distributed to individual pilots and pilot retirees for tax year 2021.

Please note, to the extent that PSP considers such information confidential or proprietary, the Commission's practice in cases where a protective order is not available is that rather than decline to produce the entire document that a response should redact confidential or proprietary information. In this instance, PMSA would consider that information to be redacted to include names and addresses and taxpayer identification numbers that would identify the specific individual provided with a specific Schedule K-1.

RESPONSE:

PSP objects to providing the K-1s for individual pilots on the grounds that these documents are confidential and proprietary to each individual pilot. The PSP tax return excluding the K-1s is available for in camera review only.
