PMSA Analysis of PSP Cash Distributions to Pilots per Month 2021

FEBRUARY 10, 2023

PMSA Data Request 176
Individual Detail of Distributions to Pilots

PMSA DATA REQUEST NO. 176: If your response to PMSA DR 175 demonstrates that individual pilots' actual cash and other payment distributions are in an amount other than the "annual earnings after deductions" in the PSP Financials, please provide a schedule of actual cash and other payments disbursed to individual pilots in 2021 for each pilot.

Please note, to the extent that PSP considers such information confidential or proprietary, the Commission's practice in cases where a protective order is not available is that rather than decline to produce the entire document that a response should redact confidential or proprietary information. In this instance, PMSA would consider that information to be redacted to include names that would identify the specific individual provided with specific cash disbursements.
