---

Graciela --

Does your message mean that the Commissioners will hear testimony on net metering issues -- including the liability insurance issue -- during the meetings on 10/14 and 10/15? Or is this an informal meeting with staff only? Will the insurance issue be a specific item on the agenda, or does one have to spend two days in Olympia in order to be there when the discussion occurs? I would like to speak on this matter, but I cannot spend two full days in Olympia,

Tom
