**JOINT INTERVENORS ERRATA TO
THOMAS H. WEISS'S SUPPLEMENTAL RESPONSE TESTIMONY**

Joint Intervenors attach Corrected Exhibit THW-5 to the Part B Supplemental Response Testimony of Thomas H. Weiss submitted on October 31, 2000. Exhibit THW-5, as filed, contained graph lines that were misaligned. The misalignment occurred during conversion of the exhibit from a Lotus to Excel format. This one page errata corrects the alignment of the graph lines and should be substituted for the hardcopy filed with John Weiss's Supplemental Testimony.

All parties who were provided an electronic version of exhibit THW-5 on October 31st will receive a corrected electronic copy today via e-mail.

Respectfully submitted this 1st day of November, 2000.
