**INFECTIOUS WASTE DISPOSAL AGREEMENT**

THIS AGREEMENT is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 200\_\_\_\_  
by and between \_\_\_\_\_ with its principal  
offices located at \_\_\_\_\_ (hereinafter  
called "Generator") and Sure-Way Systems, Inc., a Montana corporation with its office located  
at 402 1/2 Main Street, Box 899, Deer Lodge, Montana 59722 (hereafter "Sure-Way").

THE PARTIES AGREE AS FOLLOWS:

1. INFECTIOUS WASTE MATERIALS

(General descriptions attached as they may be amended from time to time)

1.1 During the term of this Agreement, Generator will package its infectious waste in Sure-Way supplied containers.

1.2 Containers will be suitably packed, stored, and made available for pick up at \_\_\_\_\_  
\_\_\_\_\_

2. FEES AND BILLING

2.1 For the service provided to Generator under this Agreement, Generator shall pay to Sure-Way fees as set forth in Exhibit A. Sure-Way maintains the right to adjust fees due to such things as increase in fuel prices, governmental regulation, tax, tariff, fee, or surcharge that is to be assessed or imposed on the transportation, storage, treatment or disposal of the Infectious Waste Material.

- 2.2 Fees set forth in Exhibit A are firm for one year (with exceptions outlined in 2.1) from date of this Agreement. If any rates applicable to the **Generator** increase after the initial one (1) year term and are not caused by an event described in Section 2.1, **Generator** shall be given thirty (30) days notice of any rate increase. During the thirty (30) day period, **Generator** may terminate this Agreement.
- 2.3 Invoices submitted by **Sure-Way** to **Generator** shall be paid not later than thirty (30) days from the date of invoice. **Sure-Way** shall retain records of disposal invoices, and delivery receipts, for at least five (5) years.

### 3. TERM

- 3.1 This Agreement shall commence on the date set forth above and shall continue in effect for twelve (12) months.

### 4. TRANSFER OF WASTES AND TITLE

- 4.1 Subject to Section 4.2, at the time **Sure-Way** signs a standard form of manifest indicating an acceptance of delivery of the Infectious Waste Material, title, risk of loss and all other incidents of ownership with respect to those Infectious Waste Materials shall be transferred from **Generator** to **Sure-Way**.
- 4.2 If, following signature of a manifest pertaining to **Generator's** Infectious Waste Material, such waste material is discovered to be "non-conforming" in whole or in part, **Sure-Way** may revoke its acceptance of all such Infectious Waste Material. A revocation of acceptance shall operate to re-vest title, risk or loss and all other incidents of ownership to **Generator** at the time revocation is communicated, either orally or in writing to **Generator** and **Generator** shall hold **Sure-Way** harmless thereof.
- 4.3 Infectious Waste Material shall be considered "non-conforming" for the purposes of this Agreement: (1) if it is not in accordance with the descriptions, limitations or specifications stated in the **Sure-Way** Infectious Waste Profile Sheet(s) attached hereto as Exhibit B; or (2) if it has constituents or components, not specifically identified in **Sure-Way's** Infectious Waste Material Profile Sheet(s) which (a) increase the nature or extent of the hazard and risk undertaken by **Sure-Way** in agreeing to handle, load, transport, store, treat or dispose of the Infectious Waste Material; or (b) cannot, for reasons relating to the design or permitting of the facility, be stored, treated, or disposed of at the relevant waste management facility.

## 5. SURE-WAY WARRANTIES

- 5.1 Sure-Way understands the currently known hazards, which are presented to persons, property and the environment in the transportation, storage, and disposal of the Infectious Waste Material.
- 5.2 Sure-Way will transport, store and dispose of the Infectious Waste Material in full compliance with all Federal EPA and other state and local laws and regulations.
- 5.3 The waste management facilities utilized are licensed and permitted to store and dispose of waste materials within the description of the Infectious Waste Material.
- 5.4 In the event such waste management facilities lose permitted status during the term of this Agreement, Sure-Way will promptly notify Generator of such loss.

## 6. GENERATORS WARRANTIES

- 6.1 All materials packed in Sure-Way's containers conform to the description of Infectious Waste Material attached hereto as Exhibit B.
- 6.2 Infectious Waste Material transferred by Generator will be packaged in Sure-Way containers and suitably protected from damage until the time of pick-up.
- 6.3 Generator has communicated, and will during the term of this agreement, continue to communicate to Sure-Way those hazards and risks known to or learned by Generator to be incident to the handling, transportation, storage, treatment, and disposal of the Infectious Waste Material.
- 6.4 Generator will advise Sure-Way in writing, prior to tendering or delivering to Sure-Way (or its designee) any vehicular load of Infectious Waste Material if the Infectious Waste Material contains hazardous substances as defined pursuant to Section 101 of the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980 or any other Federal or State or local law or regulation. If such hazardous materials cannot be stored, treated, or disposed of by Sure-Way, Sure-Way shall decline to accept and shall return said shipment.
- 6.5 If the Infectious Waste Material is covered by requirements of any state or local laws or regulations relating to hazardous wastes or hazardous materials, Generator will comply with all applicable requirements of such laws or regulations.

## 7. TERMINATION

- 7.1 This agreement may be terminated by Sure-Way:
  - A. if the Generator fails to pay its bill in a timely manner; or

- B. if the **Generator** ships or tenders material in violation of the Agreement; or
- C. if **Sure-Way** loses permitted status.

7.2 This Agreement may be terminated by the **Generator**:

- A. if notice is given thirty (30) days before the annual anniversary date under Section 3.0; or
- B. for a price increase, if notice is given within thirty (30) days of notice of a price increase affecting **Generator** under Section 2.2; or
- C. for failure to perform by **Sure-Way**.

7.3 Damage for improper termination shall not be more than the amount due under the remaining term of the Agreement or part thereof up to the next anniversary date.

## 8. CONFIDENTIALITY

- 8.1 Each party shall treat as confidential and not disclose to others during or subsequent to the term of this Agreement, except as is required by law or is necessary to properly perform this Agreement (and then only on a confidential basis satisfactory to the other party) any information regarding the Infectious Waste Material. Neither party shall make any news release, advertisement, or public announcement regarding the subject matter of this Agreement without the prior written approval of the other party.
- 8.2 The validity, interpretation, and performance of this Agreement shall be governed and constructed in accordance with the laws of the State of Montana and applicable federal laws and regulations.

## 9. ENTIRE AGREEMENT

This Agreement incorporates the entire understanding and agreement of the parties regarding the transportation, storage, and disposal of the Infectious Waste Material and supersedes any and all terms and conditions which may be contained in any purchase orders issued by **Generator** prior to or subsequent to this Agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized representatives as of the day and year first above written.

**Sure-Way Systems** is committed to staying current with all NIOSH and OSHA rule changes that keep the system compliant and current worldwide. In order to stay current, Sure-Way is constantly searching the market place to provide its customers the most current sharps disposal system possible.

Over the last year we have:

- Developed a 4th lid option for the 1,2 and 4 gallon containers. This is a **balanced lid** and has been sized to receive the largest sharps known in the market place. This lid style provides our most hand restrictive option to date.
- Our **new automatic lid** for the 10 and 17 gallon containers provides the market with the first motion sensor lid available for larger containers. This lid costs 50% less than the antiquated step on lids that don't even work.
- Our most notable system improvement is the **new cabinet** for our 2 gallon containers which has a translucent front and more easily allows change-out. Technicians monitor the fill levels of the containers without disturbing the patient in the room.

We now have video of our production line in operation.  
 Contact Gary for the entry key, or enter it here.

We have designed and implemented a new transport cart that allows for:

- a. Easier sanitation
- b. Transportation of more sharps containers
- c. Lighter Weight

With the help of our hospital customers and others throughout North America that use our program, we are always finding new ways to improve our system.

## Custom Sharps Disposal Service

**Sure-Way Systems** offers the widest selection of container sizes and lid options in the world and the widest selection of service options as well. The frequency of Pick-ups is always the option of the hospital as is the level of service that is provided.

### Service Options:

-  **Premium Full Service:** Sure-Way reusable Sharps Collectors arrive pre-assembled. Sure-Way personnel will do change-outs at each location, taking the full containers out of the brackets and replacing them with sanitized containers. The full containers are then transported to and disposed of at our treatment facility.
-  **Premium Dock Side Service:** Sure-Way reusable Sharps Collectors arrive pre-assembled on a sharps cart. Your personnel will deliver the sanitized sharps containers to their station. The filled containers will be picked up from your dock by Sure-Way and transported to our treatment facility.
-  **Economy Full Service:** This program offers the hospital the advantages of not having to handle

sharps containers within the facility, but uses 4 gallon containers in locking brackets. The use of this large container still allows for a wide selection of lid designs and cuts labor costs in change-outs and processing the containers allowing for additional savings to be offered to the hospital.

**Economy Dock Side Service:** This is our most economical Sharps Disposal option while still offering a wide selection of lid designs. In this program offering, the hospital personnel does the change-outs in the facility and delivers the filled containers to the loading dock in Sure-Way provided transport containers for Sure-Way to pick up.

### Containers designed to fit your unique needs

Sure-Way's Reusable Sharps containers are designed by members in the healthcare community. The service offers five container sizes ( 1, 2, 4, 10, and 17 gallon) and four lid types (straight drop, mail box drop, torturous path, lab lid, and our new balanced / tipper lid) to meet all situations presented in the hospital environment.

Sure-Way Systems proprietary sharps container service and dedicated associates gives us the opportunity to offer customized programs to fit the unique needs of our facility.

## About Us

**What can we do for YOU?**  
 Select your interest to find out how we can help you with your biohazard disposal needs.

Click here for Real Savings

You can see graphs of costs and savings our clients benefit from by using the disposal system

Here are some links.

**Sure-Way Systems revolutionary service:**

- A 14-year young aggressive service company specializing in medical waste disposal. Serving the medical waste management needs of the Northwest healthcare industry since 1990.
- Committed to providing superior service and value to our customers.
- \$3.5 million in capital improvements at Sure-Way Systems since 1990.
- Sure-Way Systems has developed long term partnerships with our 1,600 customers.

**Safety Benefits of using Sure-Way Systems Sharps Service:**

- Reduction in needle stick occurrences.
- Reduction in staff handling of sharps containers.
- Reusable containers are approximately twice as thick as disposables.
- Semi-annual waste reduction and sharps management training.

**Environmental Impact**

- Reduced waste to landfills.
- Reuse of the containers is the highest form of recycling.
- Helps healthcare facilities meet American Hospital Association and EPA waste reduction goals.
- 20%-40% lower annual cost than disposable sharps container programs.
- Greatly reduces orders for new sharps containers.
- Virtually eliminates inventory of disposable containers.

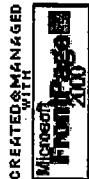

We now have video of our production line in operation.

Here are some of our Business References

### Users of our services

- Airlines
- Ambulance Service
- Blood Donor Clinics
- Casinos
- Correctional Facilities
- Dentists
- Diabetics
- Doctors
- Factories

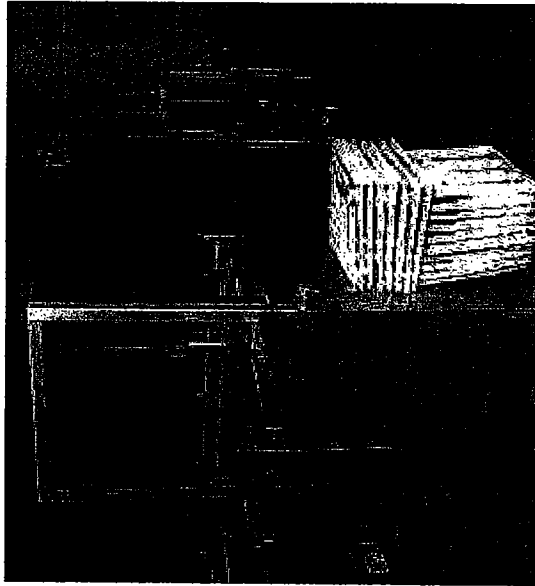

- ✚ No assembly or handling of containers required thus reducing hospital labor.
- ✚ Higher quality sharps containers.

### The Sharps Processing Area

#### Automated Container Tipper

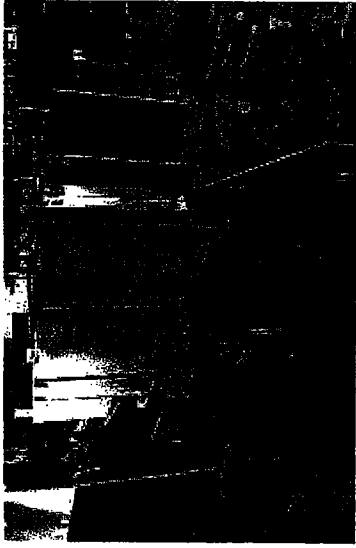

The automated container tipper helps the plant workers safely remove the sharps from the containers.

#### Automated Washer

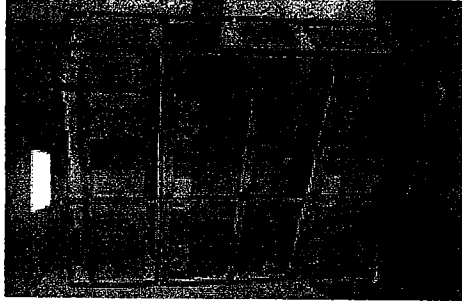

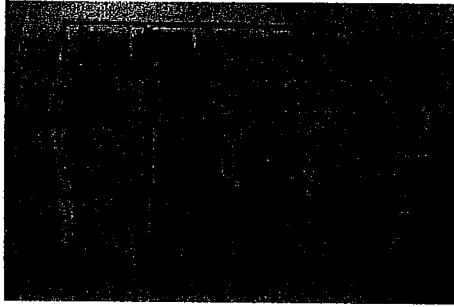

The automated washer is attached to the back of the automated container tipper so the plant workers do not have to touch the containers until they are completely washed.
