Ms. Amanda Maxwell  
Executive Director and Secretary  
Washington Utilities and Transportation Commission  
P.O. Box 47250  
Olympia, WA 98504-7250

Dear Ms. Maxwell:

Re: Docket No. UT-230043 -  
Kalama Telephone Company -  
Washington Universal Communications Services Program -  
WAC 480-123-130 (1)(g)  
CLAIM OF CONFIDENTIALITY

On behalf of Kalama Telephone Company ("Company accompanying this letter for filing with the Washington Utilities and Transportation Commission ("Commission") are unredacted and redacted version of the Broadband Data Collection CSV file. These files replace the original CSV file that was filed on February 24, 2023, which was mistakenly filed without the necessary redactions.

Please note that CSV file is now being filed on a confidential basis pursuant to RCW 80.04.095 and WAC 480-07-160. The Company hereby asserts a claim of confidentiality with respect thereto. The basis for this claim is that the "location\_id" field is subject to nondisclosure agreement with CostQuest Associates, Inc. CostQuest Associates, Inc. has waived the nondisclosure requirement to allow the Company to provide that information to the Commission only. Accordingly, in compliance with WAC 480-07-160(3)(c), unredacted and redacted versions of the CSV files are being filed. Since a CSV file does not allow for shading, none is included in the confidential file. Also, since a CSV file does allow for redaction, the confidential information has been removed from the redacted file.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Vitzthum", written over a white background.

Rick Vitzthum  
Chief Financial Officer
