Hi Jan,

Verizon is making an issue of there only being 7 families on the petition.
It would be helpful to the cause if you and Dan were to ask to be added to the petition.

It won't obligate you, but if and when the judge approves the addition you may be asked to fill out a questionnaire and you will also be put on the mailing list to get a copy of the legal filings.

I'm sending this email to all the part-timers.
