RE: Docket UE-051090—Compliance Filing—Commitment 12(1)

Please be advised of the following activities concerning Berkshire Hathaway Energy Company:¹

General Commitment 12(1) adopted by the Commission in Order 07 in Docket UE-051090, approving Berkshire Hathaway Energy Company's acquisition of PacifiCorp requires the Commission be notified after board approval and as soon as practical after any public announcement of any acquisition of a regulated or unregulated business representing five percent or more of the capitalization of Berkshire Hathaway Energy Company. The following information is supplied in accordance with General Commitment 12(1). On July 7, 2017, Berkshire Hathaway Energy Company announced that it had executed a definitive merger agreement with Energy Future Holdings Corp. (EFH) whereby Berkshire Hathaway Energy Company will acquire reorganized EFH, which will ultimately result in the acquisition of Oncor, an energy delivery company. Oncor is a regulated electric transmission and distribution service provider that serves 10 million customers across Texas and is headquartered in Dallas, Texas. The all-cash consideration for reorganized EFH is \$9 billion, implying an equity value of approximately \$11.25 billion for 100 percent of Oncor. Closing of the acquisition is subject to closing conditions, including the receipt of required state, federal and bankruptcy court approvals. The transaction is currently expected to be completed in the fourth quarter of 2017.
