

2-7-3

Dear Sir:

I am an Engineer for UPRR  
and I am writing to you about  
The remote control units that UP &  
BNSF wants to use in Washington  
State. They are ~~unsafe~~ unsafe. You need  
an experienced engineer in the cab  
of the engine at all times. Please  
don't let it happen here in Washington.

---

Thanks  
Kirt L. Krings
