**Re: Docket No. UE-120416  
2013 Integrated Resource Plan Update**

Dear Mr. King,

Pacific Power & Light Company submits for filing its 2013 Integrated Resource Plan Update (2013 IRP) with the Washington Utilities and Transportation Commission.

The 2013 IRP Update describes resource planning and procurement activities that occurred subsequent to the filing of the 2013 IRP, presents an updated resource needs assessment, an updated resource portfolio consistent with changes in the planning environment, and provides an IRP Action Plan status update. The 2013 IRP Update is being submitted for informational purposes only.

PacifiCorp requests confidential treatment for Appendix F of the 2013 IRP Update and requests that this information be treated as confidential information pursuant to RCW 80.04.095 and in accordance with WAC 480-07-160. Appendix F, labeled as confidential, includes commercially sensitive economic analyses and business projections regarding the continued operation of the Company's coal fleet. This confidential business information is of significant value, and would expose the Company to injury if disclosure is unrestricted. Therefore, the Company requests confidential treatment on the basis that the documents contain "valuable commercial information, including trade secrets or confidential marketing, cost, or financial information, or customer-specific usage and network configuration and design information," as provided in RCW 80.04.095 in accordance with WAC 480-07-160(2)(c).

If there are any informal inquiries concerning this filing, please contact Ted Drennan, Manager Integrated Resource Planning at (503) 813-6841 or Gary Tawwater, Manager, Regulatory Affairs, at (503) 813-6805.
