On July 7, 2021, PacifiCorp dba Pacific Power & Light Company (PacifiCorp) submitted an advice filing to modify Schedule 93, Decoupling Revenue Adjustment, as well as a decoupling mechanism evaluation. After consulting with Staff of the Washington Utilities and Transportation Commission, PacifiCorp requests to withdraw this filing consistent with WAC 480-80-131. On behalf of PacifiCorp, I have authority to withdraw this tariff filing. PacifiCorp will be resubmitting the evaluation and tariffs in Docket UE-152253.

Please direct any informal inquiries regarding this filing to Ariel Son at (503) 813-5410.
