Cascadia Water LLC Proposed General Rate Case

Data Request Response

Date of Response: November 6, 2024

Responder/Witness: Culley Lehman

Telephone: 360.661.7781

Email: culley@casadiawater.com

Request No.: UW-240151 WCAW DR 120

Prior to installing a standby generator at a system did Cascadia analyze the cost/benefit of each such installation to the system's customers?

Response:

Standby generators allow for the provision of uninterrupted water service during a power outage. Having working water service during a power outage is a real benefit to customers. Placing a monetary value on that benefit would be inherently subjective.
