Re: filing dates TC-130708

Judge Watson,

I have reviewed Page 7 of Order 2, Initial Order Dismissing Adjudication And Referring Application To Staff and WAC 480-07-825(2) in conjunction with the Washington State Human Resources Calendar, 2013 publication. In light of the cited code, the published calendar and its possible application to the agency's operational schedule, would you please advise all parties to TC-130708 of the latest date that a Petition for Administrative Review would be accepted by the agency? We ask no other question and require no other interpretation, just clarification on this single issue.

Thank you,
