14 While it may be easy to find an attorney, it is not easy to find an attorney who practices in
15 administrative law and in this particular area of administrative law. It is even more difficult
16 to locate an attorney, who has no conflicts, who is willing to take on large corporations.

17
18 A continuance was sought requesting revision of all parties' schedules, in order to
19 avoid any prejudice. Additionally, the WAC provides, "[t]he Commission will grant such a
20 request unless it is inconsistent with the public interest or the commission's administrative
21 needs." WAC 480-07-385. There is in the public interest to have the matter continued.
