**Re: UG-210094 - NW Natural's 2022 Integrated Resource Plan (IRP): Errata Filing**

On September 23, 2022, in accordance with Order 04 in docket UG-190711, Northwest Natural Gas Company, dba NW Natural (NW Natural or Company), filed its 2022 IRP. NW Natural hereby submits this errata filing of the 2022 IRP and Appendix that the Company previously stated would be provided in a supplemental update.

Appendices

Appendix K – Low Emissions Gas Resource Evaluation Methodology was not filed with NW Natural's 2022 IRP on September 23 but was noted within the IRP that it would be filed in a supplemental update.

Minor Errors Corrected

After converting the 2022 IRP to a pdf format, we noticed some reference errors in Chapters 6, 7, and 8. Attachment A provides a detailed listing of updates and changes.

Next Steps

At the time the Company filed its IRP, it explained that consistent with stakeholder feedback, it was compiling supporting workpapers in a manner that will allow for easy access for stakeholders to work directly with the supporting data. The workpapers will be filed on Monday, October 24, 2022.

To further assist Stakeholders, NW Natural will conduct a workshop on Thursday, October 27, 2022, for the purpose of reviewing the workpapers with stakeholders and answering any clarifying questions.

Please address correspondence on this matter to me with copies to the following:
