Good morning Mr. Austin,

I regret to inform you that we need to either cancel your reservation or make a change. When we were doing a system update on our website you were able to book a one-way transfer from NCL to the SeaTac Airport. You are only able to do this if you purchase a Round-trip Transfer with us.

We can offer the One-Way Transfer from the ship back to any SeaTac Area Hotel. We can also offer the Round-trip Transfer from any SeaTac Area Hotel to the ship and then from the ship to the SeaTac Airport.

If neither of these options will work for you then I can cancel your reservation and issue a refund. Sorry for the misunderstanding and please let me know how you would like to proceed.

Thank you,

Matt Schmer
