COMMISSION

Dear Ms. Maxwell

Enclosed are proposed revisions to Tariff No. 7 of Torre Refuse & Recycling d/b/a Sunshine Disposal & Recycling (G-260) in Stevens and Spokane Counties. The purpose of this filing is to increase refuse rates due to increased operating costs.

If approved, these proposed rates will generate approximately \$482,000 annually or about 10.9% on tariff revenue.

Supporting workpapers as required by WAC 480-07-520 are enclosed, along with the proposed notice to customer that will be sent on or about September 26, 2022

A copy of this notice has been provided to the chair of the county commissions of Stevens and Spokane Counties.

Portions of this rate submittal are considered confidential under provisions of WAC 480-07-160 because it contains valuable competitive commercial information with regard to cost and financial information. Redacted and non-redacted copies of these documents are provided.

If I can be of any further assistance, please contact me at 509-924-5678 or 509-252-3500 (fax) or at johnl@sunshinedisposal.com.

Respectfully,

John Lloyd
Chief Financial Officer
