Re: *In the Matter of the Petition of Puget Sound Energy, Inc. and NW Energy Coalition For an Order Authorizing PSE to Implement Electric and Natural Gas Decoupling Mechanisms and to Record Accounting Entries Associated with the Mechanisms*, Dockets UE-121697 and UG-121705 (Consolidated)

Washington Utilities and Transportation Commission v. Puget Sound Energy, Inc., Dockets UE-130137 and UG-130138 (Consolidated)

TO ALL PARTIES:

The Washington Utilities and Transportation Commission (Commission) entered Order 07, authorizing Puget Sound Energy, Inc. (PSE) to implement electric and natural gas decoupling mechanisms and to record accounting entries associated with the mechanisms, and requiring compliance filing on June 25, 2013, which the Commission designated as Dockets UE-121697 and UG-121705 (consolidated). Also in Order 07, the Commission also authorized and required PSE to make a compliance filing in Dockets UE-130137 and UG-130138 (consolidated) to recover a revenue deficiency of \$31,138,511 for electrical service provided to its customers in Washington and to make a compliance filing in these dockets to implement its revenue surplus of \$1,717,826 for natural gas service provided to its customers in Washington. The Order, among other things, rejected tariff proposals by PSE but authorized the Commission's Executive Director and Secretary to approve by letter, with copies to all parties, revised tariff sheets that comply with the requirements of the Order.

On June 27, 2013, PSE filed electric and natural gas tariff sheets as specified in the Order. A list of the tariff sheets is attached to this letter. PSE's compliance filing reflects a revenue requirement slightly less than that level reflected in the Commission's Order. When calculating the impacts to reflect the lower cost of debt, PSE's models calculated a lower revenue requirement figure. PSE recognizes that the methodology it used for the final revenue determination may not match that used by the Commission, with the resulting impact being *de minimis* and benefiting ratepayers, but the Company's

methodology is not precedential for future filings. The Commission has examined the filing, and it appears to comply with the terms of the Order.

Therefore, the tariff sheets in the attachment to this letter will become effective as filed with an effective date of July 1, 2013.

Sincerely,

STEVEN V. KING
Acting Executive Director and Secretary
