Re: Washington Utilities and Transportation Commission v. Puget Sound Energy, Inc.
Docket Nos. UE-072300 and UG-072301 (consolidated)

Dear Ms. Washburn:

Public Counsel is filing this “status report” pursuant to paragraph 13 of the Prehearing Conference Order, Order No. 03, entered January 17, 2008.¹ At this time, Puget Sound Energy, Inc. (PSE), Public Counsel, and Commission Consumer Affairs staff have reached a consensus on the content and format of the required individual customer notice.² (A copy of the individual customer notice is attached.) It is our understanding that PSE will distribute individual customer notices with its March-April 2008 bills, and will additionally notify at least one: (1) newspaper of general circulation, (2) radio station, *and* (3) television station, in each affected area.³ We understand that PSE will file a separate declaration with the Commission, as required by rule, confirming that it has provided all required notice.⁴

Beginning in January 2008, PSE, Public Counsel, and Commission Consumer Affairs staff engaged in discussions regarding the content and format of the individual customer notice in this case. On March 4, 2008, PSE circulated a final draft and informed the parties that they would print and begin mailing the notice shortly.

¹ The Prehearing Conference order does not provide a specific date to file this report. The Order states, “[t]he status report must be filed at least five business days prior to the intended date of first publication of the notice.” Based on information received from PSE, Public Counsel is filing this report at least five days before the first date we anticipate PSE customers will receive the notice.

² See WAC 480-90-194 and 480-90-197 (rate case notice requirements for gas companies); WAC 480-100-194 and 480-100-197 (rate case notice requirements electric companies).

³ See WAC 480-90-197(4) and 480-100-197(4).

⁴ See WAC 480-90-198(1) and 480-100-198(1).

PSE, Public Counsel, and Commission Consumer Affairs staff are in agreement that the individual customer notice meets the requirements of WAC 480-90-194 and -197, and WAC 480-100-194 and -197. Public Counsel believes that this notice contains a number of improvements from prior notices, including: (1) simpler language in headings and in the explanation of the requested increase; (2) clearer layout of information in the summary tables; (3) a detachable comment card; and, (4) more prominent listing of the dates and locations of the public hearings. These changes are intended to make the notice easier to understand and increase customer feedback and participation.

Sincerely,

SARAH A. SHIFLEY
