

BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

In the Matter of the Petition of,

QWEST CORPORATION

For Competitive Classification of Basic
Business Exchange Telecommunications
Services

DOCKET NO. UT-030614

DECLARATION OF
DANIEL SWANSON
IN SUPPORT OF MOTION

I, Daniel Swanson, declare under penalty of perjury under the laws of the State of Washington that the following is true and correct:

1. I am the Vice-President of Marketing and Product Management of Advanced TelCom, Inc. (ATG), a competitive local exchange carrier and its wholly-owned subsidiary, Shared Communications Services, Inc., both operating in Washington.
2. I submit this declaration on personal knowledge of the facts declared herein.
3. I supervised the compilation of the previous business line data submitted to the Washington Utilities and Transportation Commission in connection with the request for data which we received from the Commission Staff.
4. I have recently been advised that the Commission Staff intended us to include in our response only services which are delivered to customers in analog form. We did not understand this when we submitted our original data, and therefore included all voice business lines, including digital.
5. We received a follow-up telephone call from Staff after we submitted our

original data. In that call, I was asked about an apparent inadvertent transposition of digits in some of the detail in the information we submitted, which I orally corrected at that time. I was not, however, asked about whether our information included both digital and analog lines.

6. We are now in the process of preparing a supplement to our information to remove the digital lines.

DATED and SIGNED at Santa Rosa, California, on October 3, 2003.
