Washington Utilities & Transportation Commission June 26, 2007 Page 3

PacifiCorp submitted draft revised tariff sheets to Staff for review on June 22, 2007. The Company met with Staff and reviewed the revisions June 25, 2007. Based on this review, Staff concurs that this compliance filing implements the order.

On Monday, June 25, PacifiCorp filed a Motion for Clarification of Order 08 with respect to the level of surcharges for the various customer classes under Schedule 91, the Low-Income Bill Assistance (LIBA) program. The tariff sheets submitted herewith reflect the rate adjustments to Schedule 91 if the Order were clarified in the manner proposed in the Motion for Clarification.

The final revised sheets are provided herewith, and the Company respectfully requests the tariffs become effective June 27, 2007.

Any informal inquiries may be directed to Shay LaBray, Regulatory Affairs Manager at (503) 813-6176.

Sincerely,

Andrea Kelly / WJ

Vice President, Regulation

Enclosures

Pursuant to Washington Law (including without limitation RCW 80.28.050 and -060) and the Commission's Rules & Regulations, Pacific Power & Light Company has filed with the Commission original tariff schedules for electric service in the State of Washington.

Overview

Pacific Power and Light Company has filed, in compliance with Washington Utilities and Transportation Commission (WUTC) Order No. 08, dated June 21, 2007, in Dockets UE-061546 and UE-060817 tariff sheets to increase electric rates by an overall average of 6.3 percent. The new rates are proposed to go into effect on June 27, 2007.

The Washington Utilities and Transportation Commission will examine the Company's proposed tariff sheets. As a result of such examination, the Commission may determine that any or all of said schedules should be accepted as filed, modified or rejected.

Unless suspended by the Commission, these tariff sheets will become effective June 27, 2007.

DATED: June 26, 2007

PACIFIC POWER & LIGHT COMPANY

Andrea L. Kelly

Vice President, Regulation

SCHEDULE 24 SMALL GENERAL SERVICE

AVAILABLE:

In all territory served by Company in the State of Washington.

APPLICABLE:

To non-residential Customers whose entire requirements are supplied hereunder with electric service loads which have not exceeded 100 kW more than once in the preceding 12-month period, or with seven months or less of service, whose loads have not registered more than 100 kW. And to seasonal Customers, as defined in Rule 1 of this tariff, with electric service loads which have not exceeded 200 kW more than once in the preceding 12-month period, or with seven months or less of service, whose loads have not registered more than 200 kW. In the case that the motor nameplate horsepower rating is used to determine the seasonal Customer's annual load size, that load size will also be used to determine eligibility for this schedule.

The Company will not switch a Customer between General Service Schedules 24 and 36 more than once in a 12-month period, unless the following exception is met: In the event that a Customer's load increases due to changes in operations, the Company may, at its discretion, place the Customer on a schedule with a higher demand requirement, if so warranted.

Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed.

Emergency, Seasonal, and Remote Service will be furnished by contract in accordance with Rule 2 of this Tariff.

This Schedule is not applicable to standby service.

MONTHLY BILLING:

The Monthly Billing shall be the sum of the Basic, Demand, Energy, and Reactive Power Charges. All Monthly Billings shall be adjusted in accordance with Schedules 91, 98, and 191.

SCHEDULE 33 PARTIAL REQUIREMENTS SERVICE LESS THAN 1,000 KW

AVAILABLE:

In all territory served by Company in the State of Washington.

APPLICABLE:

To partial requirements, supplementary, or standby electric service furnished for loads having other energy sources, including on-site generation, at a single point of delivery at Company's locally standard voltage. Not applicable to service for: resale, intermittent or highly fluctuating loads, or seasonal use. This schedule is not required where onsite generation is employed only for emergency supply during utility outage.

Applicable size shall include contract capacities of less than 1,000 kW and service takings which have not exceeded 999 kW with sufficient consistency to be applicable to Schedule 47T.

MONTHLY BILLING:

The monthly billing shall be the sum of the Electric Service Charge, the Standby Charge, the Overrun Rate Charge and the Reactive Power Charges. All monthly billings shall be adjusted in accordance with Schedules 91, 98 and 191.

Electric Service Charge:

The Electric Service Charge shall be computed in accordance with the Basic, Demand, Energy, Minimum Charge and Delivery and Metering Voltage Adjustments of Schedule 36 of this tariff. The kW load size for determination of the Basic Charge shall not be less than the contract capacity.

Standby Charge:

Fifty percent (50%) of the applicable Demand Charge of Schedule 36 shall be applied to the kW by which customer's Contract Capacity or Total Load Demand, as provided by contract, exceeds the Billing Demand.

Overrun (Excess Takings) Rate:

Overrun demand charge: 4 times Schedule 36 Demand Charge Overrun energy charge: 4 times Schedule 36 Tail Block Energy Charge

APPLICABLE:

To non-residential Customers with electric service loads which have exceeded 100 kW more than once in the preceding 12-month period, but have not exceeded 999 kW more than once in any consecutive 18-month period. And to seasonal Customers, as defined in Rule 1 of this tariff, with electric service loads which have exceeded 200 kW more than once in the preceding 12-month period, but have not exceeded 999 kW more than once in any consecutive 18-month period. In the case that the motor nameplate horsepower rating is used to determine the seasonal Customer's load size, that load size will also be used to determine eligibility for this schedule.

The Company will not switch a Customer between General Service Schedules 24 and 36 more than once in a 12-month period, unless the following exception is met: In the event that a Customer's load increases due to changes in operations, the Company may, at its discretion, place the Consumer on a schedule with a higher demand requirement, if so warranted.

Deliveries at more than one point, or more than one voltage and phase classification, will be separately metered and billed.

This Schedule is not applicable to standby service.

Partial requirements service for loads of less than 1,000 kW will be provided only by application of the provisions of Schedule 33.

MONTHLY BILLING:

The Monthly Billing shall be the sum of the Basic, Demand, Energy, and Reactive Power Charges; plus applicable Metering and Delivery Adjustments. All Monthly Billings shall be adjusted in accordance with Schedules 91, 98, and 191.

Basic Charge:

<u></u> -	
If Load Size* is:	The Monthly Basic Charge* is:
100 kW or less	\$205
101 kW - 300 kW	\$ 75 plus \$1.38 per kW
Over 300 kW	\$150 plus \$1.13 per kW

*Note:

kW Load Size, for the determination of the Basic Charge, shall be the average of the two greatest non-zero monthly demands established any time during the 12-month period which includes and ends with the current billing month. For seasonal Customers, the Load Size will be the greater of this number or the number derived by applying the motor nameplate horsepower to the Billing Demand Table from Rule 10(a) if this tariff.

Demand Charge:

\$3.64 per kW for each kW of Billing Demand

SCHEDULE 36 (Continued) LARGE GENERAL SERVICE LESS THAN 1,000 KW

Energy Charge:

Base

Rate

3.989¢ per kWh for the first 40,000 kWh 3.654¢ per kWh for all additional kWh

MINIMUM CHARGE:

The monthly minimum charge shall be the Basic Charge plus the Demand Charge. A higher minimum may be required under contract to cover special conditions.

REACTIVE POWER CHARGE:

The maximum 15-minute reactive demand for the month in kilovolt amperes in excess of 40% of the kilowatt demand for the same month will be billed, in addition to the above charges, at 45¢ per kvar of such excess reactive demand.

PRIMARY VOLTAGE METERING AND DELIVERY ADJUSTMENTS:

The above monthly charges are applicable without adjustment for voltage when delivery and metering are at Company's standard secondary voltage.

Metering: For so long as metering voltage is at Company's available

primary distribution voltage of 11 kV or greater, the above

charges will be reduced by 1.0%.

Delivery: For so long as delivery voltage is at Company's available primary distribution voltage of 11 kV or greater, the total

of the above charges will be reduced by 30¢ per kW of load size used for the determination of the Basic Charge billed in the month. A High Voltage Charge of \$60 per month will be added where such deliveries are metered at the delivery

voltage.

The reductions of charges herein shall not operate to reduce the $\min \min$

When a new delivery or an increase in capacity for an existing delivery is, at request of Customer, made by means of Company-owned transformers at a voltage other than a locally standard distribution voltage, the above charges for any month will be increased by 30¢ per kW of load size used for the determination of the Basic Charge billed in the month.

Company retains the right to change its line voltage or classifications thereof at any time, and after reasonable advance notice to any Customer affected by such change, such Customer then has the option to take service at the new line voltage or to accept service through transformers to be supplied by Company subject to the voltage adjustments above.

SCHEDULE 47T

LARGE GENERAL SERVICE

PARTIAL REQUIREMENTS SERVICE - METERED TIME OF USE

1,000 KW AND OVER

AVAILABLE:

In all territory served by Company in the State of Washington.

APPLICABLE:

To large partial requirements, supplementary, or standby electric service furnished for loads having other energy sources, including on-site generation, at a single point of delivery at Company's locally standard voltage. Not applicable to service for: resale, intermittent or highly fluctuating loads, or seasonal use. This schedule is not required where on-site generation is employed only for emergency supply during utility outage. Applicable large size shall include contract capacities of 1,000 kW or more or takings which have exceeded 999 kW in more than one month of any period of 18 months. This schedule shall thereafter remain applicable until the load fails to exceed 999 kW for a period of 36 consecutive months.

MONTHLY BILLING:

The monthly billing shall be the sum of the Electric Service Charge, the Standby Charge, the Overrun Rate Charge and the Reactive Power Charges. All monthly billings shall be adjusted in accordance with Schedules 91, 98 and 191.

Electric Service Charge:

The Electric Service Charge shall be computed in accordance with the Basic, Demand, Energy, Minimum Charge, and Delivery and Metering Voltage Adjustments of Schedule 48T of this tariff. The kW load size for determination of the Basic Charge shall not be less than the contract capacity.

Standby Charge:

Fifty percent (50%) of the applicable Demand Charge of Schedule 48T shall be applied to the kW by which customer's Contract Capacity or Total Load Demand, as provided by contract, exceeds the Billing Demand.

Overrun (Excess Takings) Rate:

Overrun demand charge: 4 times Schedule 48T Demand Charge Overrun energy charge: 4 times Schedule 48T Energy Charge

SCHEDULE 51 HIGH PRESSURE SODIUM VAPOR STREET LIGHTING SERVICE

AVAILABLE:

In all territory served by Company in the State of Washington.

APPLICABLE:

To service furnished from dusk to dawn for the lighting of public streets, highways, alleys and parks by means of Company-owned high- pressure sodium-vapor street lights installed on distribution-type wood poles and served by overhead circuits. Street lights will be served by either series or multiple circuits as the Company may determine. The type and kind of fixtures and supports will be in accordance with Company's specifications. Service includes installation, maintenance, energy, lamp and glassware renewals.

MONTHLY BILLING:

All Monthly Billings shall be adjusted in accordance with Schedules 91 and 191.

Nominal Lumen Rating	Monthly kWh	Base Rate Per Lamp
5,800	31	\$ 7.60
9,500	44	9.12
22,000	85	13.32
50,000	176	22.30

SPECIAL PROVISIONS:

Company will replace individually burned out or broken lamps as soon as practicable after notification by the Customer.

Street lighting service under other conditions and for street lights of sizes and types not specified herein will be supplied under special contract.

Company may require Customer participation in the cost of installing circuit to render street lighting service when the length of such circuit from a source of suitable voltage on Company's system to the point of connection with the proposed street light or street lighting system is in excess of 300 feet.

Company may not be required to furnish service hereunder to other than municipal Customers.

The Customer may request temporary suspension of power for lighting by written notice. During such periods, the monthly rate will be reduced by Company's estimated average monthly relamping and energy costs for the luminaire. Company will not be required to reestablish such service under this rate schedule if service has been requested to be permanently discontinued by the Customers.

SCHEDULE 72 IRRIGATION CURTAILMENT PROGRAM RIDER

AVAILABLE:

In all territory served by Company in the State of Wash

This is an optional program to qualifying irrigati customers who are willing to curtail load in exchange for payment by the pany.

APPLICABLE:

APPLICABLE:

To qualifying irrigation customers with tot pumping operations no less than 16 kW receiving service under Electricervice Schedule No. 40. Participants must be willing to disconnect their tumps from Pacific Power's electrical distribution system throughout the 101 irrigation season (May through November, 2001). In addition, participants will be required to certify that they will not offset electrical usage at other Pacific Power connections, such as parallel pumping play systems in common main lines. Any customers currently obligated for minimum energy usage related to line extension agreements or guarantees will exempt from the contract for 2001 and an additional year will be added to their existing contract for minimum usage. Demand curtailed under this rogram will not be included in the calculation of the Annual Load e Charge for 2001. Participating customers must execute an Irrigatic Curtailment Program Customer Agreement with the Company. with the Company.

IRRIGATION CURTAILMENT PROGRAM MENT:

The Irrigation Curtailm Program Payment will be computed based on the customer's average more by energy (kWh) usage, as recorded on the applicable meter(s) for more by bills rendered for qualifying load during the previous five years or the months of May through November. For customers with less that five years of historical usage at the metered service connection, the lerage for the available years of historical usage, and a comparison to the average usage for a similar pumping operation, will be used. be used.

The Irrigation Curtailment Program Payment will equal 12.5 cents/kWh for all qualify; kWh. The Company will render monthly payment to participants base on the customer's corresponding calculated qualifying average monthly sage. Payments under this program will be adjusted to reflect any our tanding customer balances or arrears to the Company for previous billie obligations.
