

4. A multiparty settlement has been reached in this proceeding, and the resultant Settlement Stipulation and Agreement (“Settlement”), to which Nucor is a signatory, along with all supporting documentation, is being contemporaneously filed in this proceeding pursuant to the Commission’s Order 04 issued January 22, 2019.

5. Nucor believes the natural gas revenue increase agreed to by the parties to the Settlement meets all legal requirements and is in the public interest. In particular, Nucor supports the negotiated aspect of the Settlement that rate increases for the individual Schedules 31, 31T, 41, 41T, 61, 85, 85T, 86, 86T, 87, and 87T be limited to 2.90 percent, as reflected in Attachment A to the Settlement, and encourages the Commission to find same to be just and reasonable.

WHEREFORE, Nucor respectfully requests that the Commission consider Nucor’s statement in support of the Settlement and approve said Settlement as a full and final resolution of all contested issues between the parties to this proceeding.

DATED this 30th day of January, 2019.

Respectfully submitted,
