Title of rule and other identifying information: Elimination of price lists in Chapter 480-80 WAC (Utilities General – Tariff), Chapter 480-120 WAC (Telephone Companies), and Chapter 480-121 WAC (Registration, Competitive Classification and Price Lists of Telecommunications Companies). Docket UT-060676.

Chapter 347, Laws of 2006, enacted in the 2006 legislative session, eliminates the requirement that telecommunications companies file price lists for services the Commission has found to be competitive in nature. This proposal would amend and adopt rules reflecting that change and recognizing the law’s requirement that companies use written contracts or customer service agreements.

Purpose of the proposal and its anticipated effects, including any changes in existing rules:

Substitute Senate Bill 6473 (SSB 6473), Chapter 347, Laws of 2006 eliminates price list requirements for telecommunications services effective June 8, 2006. This proposal would delete references in commission rules to price lists and filing requirements.

The statutory change allows the Commission to amend and adopt rules that will require companies to communicate with customers directly using a written contract or customer service agreement instead of using price lists. The Supplemental CR-102 amends the proposal so that rather than specifying the posting of rates, terms and conditions, carriers may simply post unspecified information about current services on the Internet. Various conforming edits to references to Internet posting elsewhere in the CR-102 language are made in the Supplemental CR-102.

Reasons supporting proposal: See above.

Statutory authority for adoption: RCW 80.01.040

Statute being implemented: SSB 6473, Chapter 347, Laws of 2006.
