To Whom it May Concerns

I am writing regarding your proposed rate increase for Waste Connections customers in Vancouver, Wa.

I have no problem with a rate increase. We've always had excellent service and I understand that your costs have gone up. However, I do not think it fair that a 2 ~~can~~ can/wk. customer has to pay 4x more than a 1 can/wk. customer pays. I'm wondering what the reasoning is for this.

Thank you for your consideration of this matter.

Sincerely,
Patly Harris
