RE: *Washington Utilities and Transportation Commission v. PacifiCorp, d/b/a Pacific
Power & Light Company*, Docket UE-130043

TO ALL PARTIES:

On July 11, 2013, PacifiCorp, d/b/a Pacific Power & Light Company (PacifiCorp) filed a motion with the Washington Utilities and Transportation Commission (Commission) seeking leave to withdraw certain revisions to its tariff proposed in the initial filing in the above matter. PacifiCorp's motion requests specifically "an order approving the withdrawal of PacifiCorp's proposed revisions to Schedule 300, *Charges as Defined by the Rules and Regulations*, and Rule 6, *General Rules and Regulations*, allowing conforming changes to the Company's initial filing in this docket, and terminating further litigation related to Schedule 300 and Rule 6 in this case." PacifiCorp asks for expedited action on the motion to avoid the need for parties to prepare and file rebuttal testimony and cross-answering testimony concerning Schedule 300 and Rule 6. Such testimony is due August 2, 2013.

The Commission has reviewed the filing and determined that while there is good cause for expedited action on the motion, the parties must have an adequate opportunity to respond to it. Balancing these competing concerns, the Commission requires that any

responses to the motion must be submitted electronically to the Commission by 3:00 p.m. Thursday, July 18, 2013. Parties submitting responses must ensure Commission receipt of an original and the required number of copies on the following business day.
