AND RATES ESTABLISHED IN DOCKET NO. UT-003013
(July 10, 2002, at noon)**

RE: In the Matter of the Review of Unbundled Loop and Switching Rates and
Review of the Deaveraged Zone Rate Structure
Docket No. UT-023003

TO THE PARTIES:

A prehearing conference was convened on March 15, 2002, where the parties discussed the scope of this proceeding in general terms. The Commission's Second Supplemental Order dated April 2, 2002, requested more specific information from the parties. Paragraph 13 of the Second Supplemental Order informed parties that the Commission would seek additional comments subsequent to the then pending Commission Order in UT-003013, Part B ("Part B Order"). The Part B Order was entered on June 21, 2002.

A prehearing conference has been scheduled to convene on July 11, 2002. The purpose of the conference is to discuss the impact of the Part B Order and other procedural matters, including scheduling issues. In order for the Commission to fully consider scheduling issues, the Commission requests that parties file written comments specifically identifying those rates developed in Docket No. UT-003013 that the parties propose for review no later than noon on Wednesday, July 10, 2002.

Sincerely,

LAWRENCE J. BERG
