Re: *WUTC v. Kayak Estates Water, LLC*
Docket No. UW-051444

Dear Ms. Washburn:

Enclosed for filing in the above-referenced docket are the original and nine copies of a Settlement Agreement, Narrative Supporting Settlement Agreement, and Certificate of Service. Staff will supplement this filing with the original signature of David Dorland for Kayak Estates Water, LLC as soon as it is received.

As set forth in the Narrative, the Parties are requesting a streamlined review of the proposed settlement because Kayak, with no objection from Staff, would like the new rates to be effective as of May 1, 2005. To that end, the Parties waive an oral presentation and entry of an initial order, and ask that the Commission enter only a final order in this docket.

Sincerely,

JENNIFER CAMERON-RULKOWSKI
Assistant Attorney General
