Subject Public Comment Docket Number: TR-070696

I am in receipt of your letter to Lillian Sundquist. I am a partner in the Sundquist Family Farm. At first glance, it seems like an ill-advised plan to close Hickox Road Road crossing. Hickox Road intersects Old Hwy 99 and at that point the interchange exit ramp from I-5 South connects to Hickox Road and points north, south, east and west.

Doesn't it make sense to keep Hickox Road open? The nearest alternatives you mention, Stackpole and Blackburn Roads, DO NOT have immediate direct access to I-5, as does Hickox Road interchange.

Yes, I would like to be added to the commission's mailing list to be notified of public hearing date.
