RE: Notice of Service Denial Record Retention and Reporting, Docket UT-180831

To Whom It May Concern,

According to service rule WAC-480-120-071, it is our understanding that since Origin Networks LLC dba InfoStructure does not receive federal high-cost support for extension of service to any applicant in Washington State, and has not denied anyone local exchange service in Washington State, InfoStructure is not subject to the record keeping or filing requirement as outlined in Docket UT-180831.

Thank you for your attention to this matter. Please contact me directly if you have questions or require further details.

Sincerely,

*Ashley Kruk*
