RE: *In the Matter of the Penalty Assessment Against Waste Management of Washington, Inc., in the Amount of \$47,700,*
Docket TG-190495

TO ALL PARTIES:

On November 14, 2019, the Washington Utilities and Transportation Commission (Commission) entered Order 03, Granting Petition, In Part; Dismissing Violations; Assessing Penalty for Violations (Order 03) against Waste Management of Washington, Inc., (Waste Management or Company). Order 03, among other things, assessed a total penalty of \$11,200 and suspended a \$6,500 portion of the penalty for a period of two years, subject to the following conditions: (1) Waste Management must pay the \$4,700 portion of the penalty that is not suspended; and (2) Waste Management may not incur any repeat violations of critical regulations within those two years.

On November 25, 2019, Waste Management paid the portion of the penalty that was not suspended in full.

On August 24, 2021, Staff filed a letter in this docket informing the Commission that, upon re-inspection, Staff discovered repeat violations of critical regulations.

Due to Waste Management's failure to comply with the terms of Order 03, the \$6,500 outstanding balance of the penalty is now due and payable.
