

# WASHINGTON WATER SUPPLY, INC.

"Water Supply and Distribution"

## Echo Glen Water System Customers

JULY 1, 2024

Washington Water Supply, Inc. (WWSI) has filed for approval from the Washington Utilities and Transportation Commission (UTC) for a "General Rate Case" for the adjustment of your monthly charge to recover the cost of rehabilitating the water well serving your community. If approved, the rates will become effective January 1, 2025.

This General Rate Case is the result of rehabilitating the well serving your residence. In September 2023, the well was rehabilitated by removing the existing 10' screens, removing sand and gravel, installing new screens, and adding another ten feet of screen and increasing the total screen length from 10' to 20'. The monies paid to the well driller was \$24,000.

This General Rate Case application adds the \$24,000 rehabilitation cost to your monthly bill by \$3.18. Your \$43.25 base will not change, but the \$3.18 will increase your monthly fee to \$46.43/month. Alternatively, you may pay a one-time fee of \$571.43.

If you have questions about the proposed filing and how it will affect you, please call Washington Water Supply, Inc. at 360-308-8330.

The Commission has the authority to set final rates that may be either lower or higher than the company's request, depending on the results of the investigation. You can comment on the case by using the "Submit a Comment" feature at the Commission's Web site at [www.utc.wa.gov](http://www.utc.wa.gov) or by using the contact information below:
