REQUEST:

Attrition. Please identify all jurisdictions within the United States of America that the Company is aware of that currently determine base rates for rate regulated investor owned electric and/or natural gas distribution companies based on an attrition approach similar to that proposed by the Company. For each jurisdiction, please identify: 1) the regulatory agency setting the rate; 2) the regulated investor owned utility whose rate are set using the attrition approach; and 3) citation to any orders the Company is aware of indicating that rates were determined based on the attrition approach.

RESPONSE:

The Company has not conducted a search related to the requested information.
