Re: Docket No. UT-030614
Business Competitive Classification

Dear Ms. Washburn:

Qwest is writing to ask the Commission to clarify the requirement set forth paragraphs 13 and 14 of the 16th Supplemental Order in this matter. The Commission issued that order yesterday at about 12:00 noon. In that order, the three CLECs who had offered restated data were ordered to provide an explanation as to how they compiled their data in the first instance, and the criteria they used to revise the data. AT&T was specifically exempted from this requirement, as AT&T had not filed revised data at that time. Three hours later, AT&T filed a motion asking the Commission to accept revised data. The Commission granted that motion later in the day.

Qwest seeks clarification that the requirement noted above in the 16th Supplemental Order now applies to AT&T, and that AT&T must also provide, no later than October 17, 2003: A description of all criteria regarding analog and digital services that AT&T applied when originally replying to Order No. 06; and, a description of all criteria regarding analog and digital services that AT&T applied when revising the data it supplied in response to Order No. 6.

Sincerely,

Lisa A. Anderl
