Q. Please state your name and business address.

A. My name is Daniel A. Doyle. My business address is 10885 NE 4th Street, P.O. Box 97034, Bellevue WA 98009-9734.

Q. By whom are you employed and in what capacity?

A. I am Puget Sound Energy, Inc.'s ("PSE") Senior Vice President and Chief Financial Officer.

Q. What are your duties as Senior Vice President and Chief Financial Officer?

A. As Senior Vice President and Chief Financial Officer, I have the overall responsibility for the financial management and financial health of PSE, which includes communicating with the financial community and overseeing PSE's financial regulatory strategy before the Washington Utilities and Transportation Commission and before the Federal Energy Regulatory Commission. I also serve as Chief Accounting Officer of Puget Energy, Inc.

Q. Briefly describe your education and relevant employment experience.

A. I have a Bachelor of Arts degree in Accounting from Michigan State University. I also have a Masters of Business Administration in General Management and Technology from Rensselaer Polytechnic Institute in Troy, New York.

I joined PSE on November 28, 2011, with more 25 years of experience in the utility and electric transmission industry. Prior to joining PSE, I was President and Chief Executive Officer of Wisconsin Sports Development Corporation in Madison, Wisconsin. From October 2000 to July 2009, I served as Vice President, Chief Financial Officer, and Treasurer of American Transmission Company LLC ("ATC"). As a Member of the leadership team and Officer at ATC's first multi-state, transmission-only utility, I was responsible for overseeing the financial and human resource functions.

Prior to ATC, I was employed by Wisconsin Power & Light Holdings ("Wisconsin Power", also known as Alliant Energy Corporation). I held various positions at Wisconsin Power, including Vice President of Finance, Controller, Chief Financial Officer and Treasurer, Vice President of Power Production and Wholesale Services, and Vice President of Manufacturing and Energy Portfolio Services. At Wisconsin Power I was responsible for strategic financial planning matters, including merger analysis, dividend policies and asset rationalization initiatives. I also managed approximately 5,000 megawatts of generating facilities as well as the energy trading functions. In January 2000 I became Wisconsin Power & Light's Vice President and Chief Accounting and Financial Planning Officer.

Prior to Wisconsin Power & Light, I served as a Senior Audit Manager of Arthur Andersen & Co. for eight years and Controller of Central Vermont Service Corp. for four years. I have been a Board Member of Wisconsin Sports Development Corporation of Madison, Wisconsin since 2010.

I have personally testified in utility regulatory proceedings in Vermont, New Hampshire, Iowa, and Wisconsin. I have also testified before the Federal Energy Regulatory Service ("FERC"). In addition to providing testimony as described above, I have served clients in regulatory proceedings before FERC and the Kentucky, Indiana, and Illinois utility commissions.
