**RE: Staff's Request for Commission Acknowledgment of Company Compliance
Waste Control, Inc. (G-101), Docket TG-140560**

Dear Mr. King:

On August 6, 2015, the Washington Utilities and Transportation Commission (Commission) entered Order No. 13 (Order 13) - Final Order Modifying Initial Order 12 Following Administrative Review, in docket TG-140560. Order 13, required Waste Control, Inc., (WCI or the Company) to make a compliance filing including such new and revised tariff sheets as are necessary to implement rates that reflect:

- The approved and adopted-without-condition Partial Settlement Agreement, filed by Staff and WCI on October 14, 2014;
- \$15,424 for an allocated portion of shared utility expense;
- \$60,671 for annual normalized rate case expense; and
- \$80,250 for affiliate land rent expense.

After the Commission issued Order 14 denying the Company's motion for reconsideration on August 31, 2015, Commission Staff and the Company worked together to ensure that the new tariff pages submitted were correct in form and content. On October 19, 2015, and as revised on October 27, 2015, WCI refiled new Tariff 17 canceling Tariff 16, as directed in

Order 13. WCI's Tariff 17 will become effective on November 1, 2015, and will generate approximately \$330,000 in additional annual revenue for regulated operations.

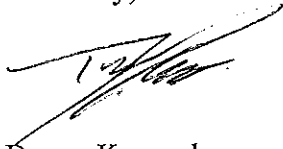

Order 13 also required WCI to pay investigation costs in the amount of \$21,909.41. On September 11, 2015, WCI paid this amount in full.

Recommendation

Staff concludes that WCI complied with the conditions of Order 13 and recommends that the Commission:

1. Acknowledge that the Company complied with the conditions of Order 13 by filing the required tariff sheets that implement rates reflecting the parties Partial Settlement Agreement.
2. Acknowledge that the Company complied with the condition in Order 13 that require the payment of \$21,909.41 for investigation costs.

Sincerely,

Danny Kermod
Assistant Director
Water & Transportation
