NOTES TO STAFF:

Certificates G-12 should be transferred. Certificates G-41 and G-235 should be transferred and cancelled.

Transfer all three certificates on the same order. (I will work with staff to make any modify the order if necessary.)

✓ Authority should be transferred as it exists with the standard statements regarding no duplication of rights.

GIS staff will continue to develop new text for a consolidated certificate G-12 eliminating duplicating language and overlapping territory descriptions that will be used at a later date to reissue the certificate authority as corrected.

Coordinate with GIS staff to mail a map of the combined certificates.

Coordinate with tariff staff for mailing of tariffs.
