

SECTION 6.0 - PRIVATE LINE SERVICE, (CONT'D.)

6.1 Service Description, (Cont'd.)

The Company also provides Echo Cancellers as an optional feature on DS-0, DS-1 and DS-3 Private Line services. Echo Cancellers eliminate undesired signals (i.e., echoes) on long haul circuits that may experience "echoes" as a result of their distance (generally over 500 miles) and are used exclusively on voice circuits. This optional feature is provided at an additional charge.
