REFERENCE: CERTIFICATE #TAC-01090: PASSENGER SERVICE BETWEEN
WALLA WALLA AND PASCO

Dear Ms Leipski:

Genie Tours is not currently providing passenger transportation service between Walla Walla and Pasco under the referenced authorization. However, we have learned that Washington State Department of Transportation is in the process of awarding a contract to the Bellair Airporter Shuttle to provide passenger transportation service in this corridor. In the interest of making this service available to the citizens in the Walla Walla community, Genie Tours does not object to authority being granted Bellair Airporter Shuttle to provide this service for the duration of the contract with the Washington State Department of Transportation.

Should you have any questions concerning this matter, please feel free to contact the undersigned.

Sincerely,

Dan Carter
GENIE TOURS
