**BACKGROUND**

1 On August 22, 2007, JK Telecom, LLC (JK) filed with the Washington Utilities and Transportation Commission (Commission) an application for registration and petition for classification as a competitive telecommunications company in Docket UT-071729. The application and petition do not comply with the rules set forth in WACs 480-120 and 480-121.

**FINDINGS AND CONCLUSIONS**

2 The application and petition of JK are not in compliance with the rules set forth in WACs 480-120 and 480-121 and should be rejected. The registration form was incomplete: the application did not provide a valid phone number for the company and did not indicate whether the company requests competitive classification.

**ORDER**

3 **THE COMMISSION REJECTS** the application and petition of JK in its entirety. This Order does not preclude JK from filing a later application and petition for registration as a competitive telecommunications company.

4 The Commissioners having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective September 20, 2007.
