Brooks - Thank you for the question concerning confidential filings. WAC 480-07-160 describes how to make a confidential filing for both electronic and paper submissions. WAC 480-07-140 describes acceptable formats for electronic filing.

Because of electronic filing, we can reduce the number of paper copies that must be filed.

For non-confidential filings, please file one paper copy and electronic copies in the formats required in 480-07-140(6)(b).

For confidential filings, please file one paper copy of the confidential material on yellow paper and marked according to the requirements in WAC 480-07-160, and also please file one paper copy of the redacted version. Electronic copies must be filed as described in WAC 480-07-160(3) in the formats required by 480-07-140(6)(b) (see below).

Electronic copies may precede hard copies, but hard copies should be filed no later than July 31. Thank you.

(b) **Acceptable format.** Electronic versions of all documents, including confidential versions of documents that include confidential information, must be filed in .pdf (Adobe Acrobat) format, supplemented by a separate file in .doc (MS Word), .wpd (WordPerfect), .xls (Excel), or .ppt (Power Point) format, so that spreadsheets displaying results of calculations based on formulas include all formulas, and do not include locked, password protected or hidden cells.

(i) The following documents are exempt from the requirement in (b) of this subsection for formatting other than .pdf (Adobe Acrobat):

(A) Documents not created by, for, or on behalf of a party to or a witness in the proceeding for which no version in the required formatting is available; and

(B) Published, copyrighted material and voluminous material not originally prepared in the required format.

(ii) Any person who requests a document to be provided in a format other than .pdf (Adobe Acrobat), whose request is denied, may request relief from the commission.

(iii) Redacted versions of electronic documents that mask confidential information should be filed exclusively in .pdf format. Parties who cannot create Adobe Acrobat files directly must provide a copy of the document converted to Adobe Acrobat via scanning or other available technology.

Bob, has a protective order been issued, or will one be issued sua sponte? Or would you prefer we file under RCW 80.04.095, as we did last year?

Thank you.

Subject: UT-073015 - ETC Certification & Plans - Due No Later Than July
31, 2007

Hello -

In preparation for the annual eligible telecommunications carrier
(ETC)
certifications and plans required by WAC 480-123-060, 070, and 080,
the
Commission has opened Docket UT-073015. Please use this docket number
for all filings this year, which are due no later than July 31, 2007.

Wireless companies should pay particular attention to WAC
480-123-080(3), which requires that a map in .shp format be provided
this year.

Please let us know if there is any way in which we can assist you.
Thank
you.
