[REDACTED] located at [REDACTED] in [REDACTED] is replacing its voice and data network in June of 2008. [REDACTED] is preparing the voice switch for growth that will require additional DID numbers.

We are requesting [REDACTED] out of the [REDACTED] and will be returning [REDACTED]. We are verifying all published numbers and believe that approximately five numbers will need to be retained for future use. [REDACTED] current number assignments are the following number banks:

[REDACTED]

The cutover is scheduled for mid June and we would like to have the numbers available to us by June 1, 2008.

To align with our switch numbering plan, we are requesting 2000 consecutive numbers from line numbers 2000-7999.
