Subject: **CONTRACT NO. 1410ICB**

Verizon Northwest Inc. submits for filing Contract No. 1410ICB. This contract document applies to an ISDN PRI service (with an option to add Calling Line Identification with Name) that the customer has been receiving under our Contract No. 1369 (ref. docket No. UT-081820). This document in effect moves those Washington services under a different multistate master services agreement. The terms and conditions are the same as in the prior agreement, and the ISDN PRI service price is the same. The price of the optional caller-ID service is lower.

The services are offered under contract due to the customer's national needs and to competitive market conditions.

The company requests an effective date of June 15, 2010 for this contract document.

Verizon submits the documentation required in Section 7 of WAC 480-80-142. Verizon considers the cost computations required under sub-section 7 (b) (iii), the customer's name and identifying information, and certain non-Washington contract details to be confidential and protected under the provisions of WAC 480-07-160 and under the exemption from disclosure requirements per the Public Records Act, Chapter 42.56 RCW. The cost documentation is marked "Confidential per WAC 480-07-160". A confidential and a redacted version of the contract documents are provided. The company, for commercial reasons, may be harmed if this information is not treated by the Commission as confidential.

With regards to the contract, Verizon will comply with any applicable resale obligations required by RCW 80.36.170 and 80.36.180.

Please call me at 425-261-5006 if you have any questions.

Very truly yours,

A handwritten signature in black ink that reads "Richard E. Potter".
