**Re: Waste Management of Washington, Inc. d/b/a WM - Healthcare Solutions of
Washington – Docket No. TG-110506**

Dear Secretary Danner:

In transmitting a new-service tariff rate for biomedical waste collection (Docket No. TG-110506), Waste Management included a request for approval to utilize consolidated billing. However, in commencing services for biomedical waste collection, the company is not intending to utilize consolidated billing initially. Therefore, with apologies for complicating the record, this letter is to withdraw the company's request for consolidated billing. We will prepare a petition seeking Commission approval for consolidated billing at such time that it is necessary.

Thank you for your attention to this matter.
