Reference: Penalty Assessment TG-111151

Dear Sirs:

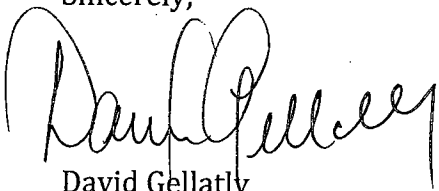

I am here by submitting my penalty assessment in the amount of \$100.00. I am not making any application for mitigation, as I do not believe that it would be worthwhile to request mitigation of a penalty so small. In fact, the costs associated with assessing and collecting the penalty probably far exceeds the actual penalty itself. I am providing herein an explanation regarding the "failure to file an annual report", but not requesting any consideration for the late filing which is being forwarded under separate cover.

Despite having informed the commission on 2 separate occasions of a change of address for Freedom 2000, the commission has chosen to ignore this information and continued to send mailings and notices to a PO Box 1314 which I no longer use and is only checked occasionally by the owner. Fortunately, I received the notice regarding this current matter in a timely manner which is unusual. The commission has posted upon Freedom 2000's docket that its address was changed on 04/06/2010 to reflect PO Box 865, Point Roberts, WA 98281-0865.

Sadly, the failure to submit an annual report was a complete oversight in that it was prepared and placed in an envelope, but never mailed. As indicated above, it is being sent under separate cover for this penalty assessment.

Please find enclosed a check in the amount of \$100.00 for the penalty assessment.

Sincerely,

David Gellatly
Freedom 2000, LLC.
