Dear Sirs:

Subject: Waste Management of Spokane, a division of Waste Management of Washington, Inc. (G-237); Tariff #16 (TG-111230)

Waste Management of Washington, Inc. d.b.a. Waste Management of Spokane revises Tariff No. 16, Item 230 disposal fees for drop box service to become effective September 1, 2011. The rates charged at the Graham Road Landfill operated by an affiliate of Waste Management (Waste Management Landfill Group) have increased for Construction and Demolition Waste from \$32.98 per ton to \$34.62 per ton, Industrial Processing Waste from \$24.05 per ton to \$26.45 per ton, Foundry Casting Slag from \$17.00 per ton to \$18.70 per ton and Special Wastes (requiring a permit to dispose) from \$29.95 per ton to \$31.44 per ton. These rates are the same as those being charged to other non-affiliated solid waste companies. The company is petitioning for an exemption to rule WAC 480-07-520 since commission rule defines disposal fee pass-through charges for drop-box service where an affiliated interest relationship exists as a general rate proceeding (WAC 480-07-505 (3) (b)). Please do not re-docket.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'Michael A. Weinstein'.
